

Virtual Case Experience Audit

Task 1

Type of Audit

Hi Kevin,

Based on the size criteria, the client must undergo an **ordinary audit**.

If two of the three size criteria's (total assets of CHF 20 million; sales of CHF 40 million; >250 FTEs) exceed their thresholds in two consecutive years (2017 does not need to be considered, as both total assets and sales were above the thresholds in 2019 and 2018), the company must undergo a regular audit (Article 727 para. 2 CO).

Let me know what the next steps are to be considerate.

Kind regards,
Shaghayegh Haghbin
